DES/EARRD/BSR-02/2020-2021/ 1367

29th March, 2021

ADDENDUM TO BSR - 2021 & SBRW - 2021

The Department of Engineering Services (DES), MoWHS hereby issues the following addendums to the Bhutan Schedule of Rates - 2021 and the Specifications for Building and Road Works - 2021 regarding 'Asphalt/bituminous concrete' items in BSR - 2021 and the SBRW - 2021. These are issued to bring more clarity to all the users of BSR.

I. Bhutan Schedule of Rates - 2021

The following item in road works with the item description:

"Providing and Laying Asphalt/Bituminous Concrete to required degree of compaction based on the job mixture design approved by the supervising engineer using asphalt plant, paver, steel roller, tyre roller etc. as per material gradation and aggregate quality specified"

Should now be read as

"Providing and Laying Asphalt/Bituminous Concrete to required degree of compaction based on the job mixture design approved by the supervising engineer by mechanical method complete using asphalt plant, paver, steel roller, tyre roller etc. as per material gradation and aggregate quality specified including preparation of base and application of tack/prime coat 0.75 Kg/Sq.m."

II. Specifications for Building and Road Works - 2021

In addition to making changes to the item description in SBRW - 2021 as per the changes in BSR - 2021 above, the specification for 'Preparation of base', under section 5.21.7.3 (Sub - base/Base), serial number 4 (Asphalt/Bituminous Concrete) should be read as:

"Preparation of Base, prime coat and tack coat: The provisions as specified in DBM shall be applied"

All users of BSR have to incorporate the said changes henceforth.

(Karma Dupchuk)
Director, DES, MoWHS
